

Kasajima Sensei isn't any more...

Last Friday, 10th february 2017, we heard the terrible news that our friend and colleague Sensei Keiichi Kasajima passed away.

Completely unexpected he joint at the age of 69 years Miyazaki Shihan.

Everybody will remember him as a sympathetic person, always laughing with the appearance of Indiana Jones.

He was very much appreciated by the youth during the seminars but behind the curtains he was a very appreciated help as a confidential and interpreter of the contacts of our national leaders in Belgium and for JKA WF Europe with the JKA in Japan.

Sensei Keiichi Kasajima was beside 6th Dan JKA, founder and teacher of his Dojo Yamamo for more then 40 years, also the Chiefinstructor of the JKA in Luxemburg.

To his partner, children, family and his students JKA WF Europe wants to offer the most sincere condolences.

Goodbye best friend, we will miss you...
