KAISHI HAKUZUME SENSEI IN PARIS (2024)

We are happy and grateful to have received HAKUZUME SENSEI in Paris (April 2024). It was an exceptional and unforgettable moment that we shared together. We all followed his advice and teaching, but also his performance during the 37th martial arts festival at the ADIDAS ARENA. It is a world-class event of great renown. During the week, there were training sessions dedicated to children in different dojos and numerous training sessions for all belt levels.

TRAINING WITH CHILDREN

We were able to allow many children to meet HAKUZUME Sensei so that they could project themselves into the evolution of the practice of karate and follow his example.

FESTIVAL MARTIAL ARTS 2024

During the exceptional martial arts festival event at Adidas Arena HAKUZUME Sensei demonstrated KATA GANKAKU and an application of KUMITE on basic KATA.

TRAINING WITH ADULTES

The training for adults of all ages made it possible to encourage sharing and also ensure that everyone could find the right practice to progress their Karate-do in the spirit of BUDO.

All these events made it possible to highlight JKA karate for the 3rd consecutive year in parallel with the Martial Arts Festival. These major events and the karate training course allow us to continue to promote the Japan Karate Association school in France so that everyone who wishes to discover this karate school can come and train. The objective is also

to prepare for the future with the younger generations and also future JKA karate instructors. As always, we thank everyone and all the practitioners because nothing is possible without the help and presence of everyone.

Thank you all for your efforts.

The 37th martial arts festival took place in front of 10,000 spectators at the ADIDAS ARENA in Paris, a new hall which was specially created for the Olympic Games in Paris 2024. We therefore had the opportunity for a 3rd consecutive year to demonstrate JKA karate to all spectators. This demonstration was broadcast live on YouTube with the "karate bushido" channel

which represents nearly 1,000,000 subscribers. It is an incredible opportunity to be able to promote with them the karate school of the Japan karate Association in France and also around the world, because this event is very popular. The performance delivered by HAKIZUME SENSEI was exceptional and a large number of commentators found this demonstration exceptional. Thank you to the entire team.

Thank you everyone, nothing is possible without everyone's efforts. OSS!

We would like to especially thank HAKIZUME SENSEI for his big heart, his strength and his support, we are very grateful for all his advice and the quality of the teaching he gave us. With him we were able to promote JKA karate once again in France.

With his demonstration performance at the 37th martial arts festival, we were able to elevate the school of the Japan Karate Association even higher. We did our best to ensure that this event was a success and we also thank JKA HQ for its trust and this new opportunity.

We wish everyone a good continuation in the practice of JKA karate and we hope to have many of you very soon for a new experience to still practice a realistic karate which follows the way of budo and in this way continue to be the guardians of the great tradition.
