

6th JKA INDIA – WEST BENGAL STATE TRAINING CAMP
26-27th Sep, 2026, Katwa, Purba Bardhaman.

85 students in all, and 5 districts, a mix of all grades, especially juniors as most of the senior grades had their college exams going on, but still; the atmosphere was full of energy.

We started of with simple basics and then progressed to jyu kihon and later to shitei katas.

The spirit with which they all were practicing in that humid condition; was remarkable, continuing to Bassai Dai to conclude the 1st session to start off with Judges Seminar with a short break then after, wherein the basic of Judging was covered, and 18 members participated.

Next morning, we started with Shitei katas again and went on to do Jion and Kihon kumite,

The Instructors and the students put in their best and some very interesting and intelligent questions were put in by the students regarding “Why katas are practiced”?

After the session we had Dan Test in which 7 members cleared their Sho Dan with flying colors.

Our Instructors in West Bengal are doing their very best and working with utmost honesty and integrity to promote JKA KARATE in the state; many Instructors outside our organization have joined us and some others are on the verge to.

Through this report I appeal to the general populace of WEST BENGAL, especially the karate practioners, in particular all JKA MEMBERS in India, not to be carried away by promises of easy and early dan promotions and fall prey to other petty temptations offered by some, as has come to our notice and knowledge.

We; at JKA INDIA, continue our good work of promoting good karate and uphold the true spirit of JKA as we have been doing since last almost 5 decades now.

Oss !

Milan Trivedi
